

Habitat for Humanity 9-10-11

The final work day for this year's home was on September 10th.

Advent members were there to contribute time and much effort.

Thank you to all the volunteers!
See you next year!

CROSS REFURBISHED BY THE TUESDAY CREW!

After several months of engineering and hard work, the Tuesday Crew has taken down the old cross, refurbished the base, constructed a new cross, painted and installed it!

Special thanks to Gary Peterson for overseeing this project!

Way to go Tuesday Crew!
